Large Traveling Crane being Put in Place at Power House.

An Engineering Feat will Be Enacted This Week Worth Seeing.

The placing in position of a large traveling crane at the power house, weighing 27,500 pounds, forty feet above the ground, is an engineering feat unparalleled in this county or city, and is worth seeing.

The crane has been removed from the cars on which it came, and will be taken length-wise through the large door on the west end of the building, after which it will be raised to the tracks on which it is to run and placed in position. A crew of men from the Detroit Engineering company, where the crane was made, will be here some time this week to do this work. The crane is eighty feet long, and on one end will have to be kept higher than the other in raising it, so that it will pass through parts of the building on its way skyward, that are smaller than that.

The derrick that is to lift this enormous weight as well as the engine that is to operate it are being placed in position, and are now almost ready for the work. Mr. McAvoy, the superintendent of the iron and structure work, is getting ready for the crew who are to raise the monster piece of machinery so that the crew can go to work immediately upon their arrival here.

The capacity of this crane is scarcely known, but it will easily lift anything required of it. Cranes of this kind will pick up a railroad engine and carry it from one track to another. These cranes are supported on two tracks, not unlike the ordinary rail-road track, on each side of the building, say 80 feet apart. The crane itself is made in the same shape as steel bridges are, so that it is unquestionably of great strength. The crane itself or "carriage" operates east and west on these tracks, and north and south on top of these "stringers" or bridge like supports, so that a piece of machinery may be picked up in any part or corner of the building and carried to any other part, by first moving the whole crane in one direction, then the "carriage" in the other.

This crane will be used for placing the huge dynamos, machinery and large steam turbines in place and for moving or repairing them afterward, and for rewinding armatures, and lifting the tops of the turbines and such other things as might be necessary. This machinery is all very heavy and could be successfully handled in no other manner.

Two car-loads of boilers and two of boiler tubes have arrived and two more of tubes and radiators are yet to come. The roof is being put on part of the building, but cannot be finished until the derrick used to lift the crane in place has been removed.

The work on the power house is progressing very nicely, and bids fair to be complete before the track and other things necessary are completed.

LEG GROUND OFF.

Oscar Patton, Connersville Lad, Severely Injured.

Oscar Patton, 15, of Connersville, attempted to board a Big Four freight train in that city, at noon yesterday, and had his left leg cut off by missing his footing and falling beneath the cars. The physicians said, yesterday, that the injury might prove fatal. Oscar is the son of Mr. and Mrs. Garrison Patton, of that city, and his many friends sympathize with the injured child and the parents.

The habit of school children boarding trains in Connersville, has continued uninterrupted for a number of years.

London has one licensed drinking place to every 436 inhabitants.

WATSON SEES PRESIDENT.

Talks to Him About the Bristow Report.

[Richmond Item.]

Congressman James E. Watson, of Indiana, called on President Roosevelt a day or two ago, says a Washington dispatch, to learn from the President's own lips, whether or not, as alleged, he read the Bristow report, three days before it was given to the public by the House committee on postoffices and postroads and approved it. This charge has been frequently made by Congressmen since the offensive report was given to the public, and it has foisted a great deal of antipathy to the occupant of the White House.

"I know," said Mr. Watson to Mr. Roosevelt, "that you are a courageous man and that if you read and indorsed that report you will tell me so."

The President did not hesitate a moment. He said:

"It is not true that I read the report before it was given out. I never saw it until my attention was called to it by some angry Congressman after it was printed and laid on the desk of members. The whole story is without foundation."

HIGH SCHOOL SQUIBS.

Mr. Fry visited school Friday.

Have you read the last Budget?

Written lessons are still in fashion.

We are all glad to see Miss Lacy back again.

It has been rumored (?) that Prof. Craig plays base ball.

The Athletic Association held its regular meeting last Tuesday.

Prof. Craig was absent Monday morning on account of sickness.

"Get out" and play ball if you are a candidate, if not "get in" and root.

To the Editor of the Republican:

In answer to an ad. or notice of L. C. Lambert, which appeared in another paper in this city, a few evenings ago, Mr. Will Bliss, a member of the committee, asserts that the statement that the committee was undertaking to do something different, than what it was appointed for, is not true.

Other members of the committee represent the statement also. Mr. Bliss, in order to give the public the facts, favors the Republican with the following statement.

To the Editor of the Republican:

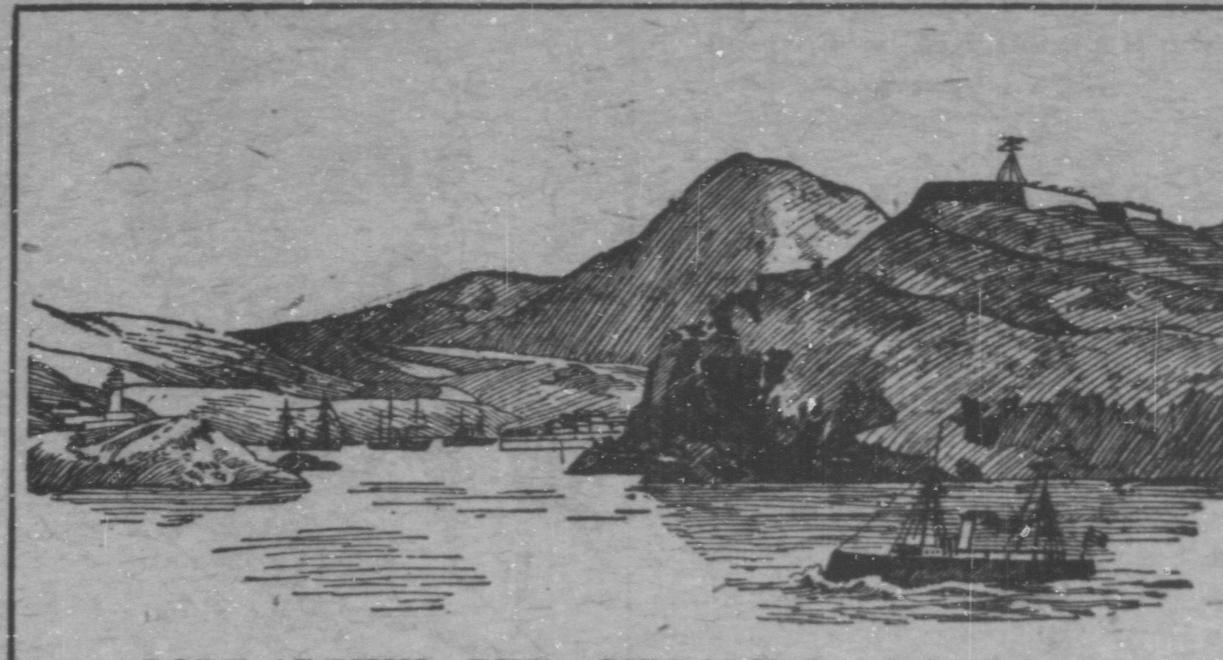

In a signed article, printed in a local paper of last Friday, Mr. Louis C. Lambert adversely criticizes the committee appointed by Chairman Barrett, under the motion proposed by Mr. John F. Moses and adopted by the stockholders of the Co-Operative Telephone Co., at their recent meeting. Mr. Lambert says:

"Mr. Barrett, the chairman, appointed a committee to ascertain the sentiment of the people on the question of raising the value of shares to \$100, by paying in \$87.50 by old stockholders, and \$100 by those who are not now stockholders. Mr. Barrett appointed the committee who are now going around on an entirely different proposition. The proposition that the committee has substituted is, in a nut-shell, that a new company be organized with 800 shares at \$25 each. That each one signing for a share, if an old stockholder, pays \$12.50, and if a new stockholder, \$25 with the understanding that each share will likely be assessed \$25 in any emergency."

Mr. Lambert says further: "Is it fair for a committee, after being appointed to do a certain thing, to undertake an entirely different object under the guise of their appointment as such committee? Does not such action speak louder than plainer words?"

As a member of the proposed committee referred to, I wish to say that the proposed increase of shares to \$100 was one of three steps suggested by a special committee of the Board of Directors to the stockholders. The motion at the stockholders' meeting was for the appointment of a committee to find out by canvass how many of the stockholders favored that plan, and report at the coming annual meeting. This report was to be informal, and it was distinctly stated and clearly understood that it was not to bind any one. The committee will report that when it began its work it discovered that the law of this State did not give any authority to increase the shares from \$25 to \$100, as was proposed, and that it can not be done. In order that the intervening time might not be lost, the committee decided to learn how many would favor increasing the number of shares to 800 at \$25 each, and to report the result informally to the stockholders at the annual meeting.

In another article in the same issue of the same paper, Mr. Lambert says: "I firmly believe that we, as stockholders, should sell the plant. Let us take my offer as a basis and do better, if we can find a better buyer." Mr. Lambert evidently does not remember

PORT ARTHUR, THE "GIBRALTAR OF THE EAST."

The illustration shows very clearly why Port Arthur is called the "Gibraltar of the East." The fortifications being at high elevations, the guns give a plunging fire which is most effective against bombarding warships. The aim of the Russians does not appear to be overgood, and it is to this fact that the Japanese may attribute their comparative immunity from injury up to this time.

MISREPRESENTED

Committee Appointed By Mr. Barrett In Telephone Matter.

Are Finding Out What Majority of Stockholders Want as Instructed.

that, upon motion of Mr. John A. Titworth, the directors were expressly instructed to do that very thing, and will no doubt duly report Mr. Lambert's proposition, if it is properly presented to them, and otherwise faithfully discharge the duty committed to them by the stockholders when they adopted Mr. Titworth's motion. This committee is not out to deceive the people and if there is any scheme out to deceive them, Mr. Lambert has it, and not us.

WM. BLISS, of the Committee.

Two Hearts that Beat as One.

During the late unpleasantness in the Democratic judicial fight, George Ray, editor of the Liberal, at Shelbyville, in an article headed "Two Hearts that Beat as One," said that the Democrat and Jeffersonian would become one paper after the primary, and were being kept alive by "that check from Rush county." In yesterday's paper, he says, regarding this same transaction:

"A deal has been on for the past two days for the consolidation of two newspapers in this city and was closed this afternoon. An overdue payment was finally made to the former owners of one of the papers this afternoon and the compact was closed. Rooms have been rented over the postoffice for offices and the two plants are to be merged and hyphenated, as we get it. The Liberal predicted such a situation would occur after the primary. We are not advised of the date of the merger."

Greensburg Pitcher Signs.

Clarence Donnell, a base ball pitcher of Greensburg, has signed to play the coming season with the Minneapolis American Association team.

Donnell is not an experiment, having played a few seasons ago in both the Missouri and Iowa Leagues and the Atlantic League, but retired to take up business. Last season he made a record by pitching a fourteen-inning tie game for the locals against the crack Indianapolis Reserves with Whiting, of Denver fame, as an opponent. He is known by many of the local base ball fans.

Mexican Bull Fight.

A Jersey bull belonging to William Dagler and an Angus belonging to T. M. Ochiltree broke down a fence and got together and engaged in a contest "a-la Mexican" for a few minutes, and the Jersey, having a pair of vicious horns, was about to vanquish the enemy when Mr. Ochiltree appeared on the scene and by diplomacy, strategy and free use of a good sized club separated the warring brutes, and restored peace in the fields. Mr. Ochiltree is opposed to finish fights.

James Pea Arrested.

James Pea, aged 16 years, who, it is alleged, threw eggs at Johnnie Cupp during services at the Heavenly Recruit church, last Friday evening, was arrested last night by officer Ross, and lodged in jail, charged with assault and battery and disturbance of religious meetings. When searched, after his arrest, a large knife with a five-inch blade was found in one of his pockets. The date for the hearing of the case has not been set.

Purchased a Silo.

William A. Posey, one of our enterprising farmers and dairymen, and who was nominated for Clerk at the Republican primary, Saturday, closed a deal with a Mr. Wilson, secretary of the Indiana Silo company, this morning, for an eighty-ton silo.

TAKE PORT ARTHUR

Rumor has It That Japs Are Now In Possession of That City.

It is Further Reported that in an Engagement 600 Russians Were Killed.

Yin Kow, March 22.—Firing was heard off the coast, apparently about six miles to the southward, fourteen shots having been heard between 7 and 7:30 this morning. The morning was hazy and it was impossible to distinguish objects at sea. A credible report has reached here that two cruisers and five gunboats were off Kinchow yesterday.

London, March 22.—A number of rumors are printed in the newspapers here today but they must be accepted with great reserve. A Tokio correspondent cables a newspaper report of the Japanese occupation of Port Arthur after a combined land and sea attack Saturday and Sunday. It is asserted that a division of Japanese landed on the Liao Tung peninsula Saturday and engaged the Russians near Port Arthur while the fleet bombarded from Saturday evening until Sunday morning.

The same correspondent reports a sharp encounter at Chyong Syong (on the Yalu river about 30 miles northeast of Wiju) in which the Russians lost 600 killed or wounded. A Shanghai correspondent hears from New Chwang that Japanese crossed Tungtien pass forty miles from Haicheng, and that collisions occurred with the Russians.

Reports from Seoul and Tokio are to the effect that Marquis Ito has arranged to lend 5,000,000 yen (\$2,700,000) to Korea on easy terms.

According to a Tien Tsin correspondent, China is appealing to the powers for an extension of a year in the period for the payment of the indemnity growing out of the Boxer troubles. This correspondent reports that Kataoka, a Japanese merchant and Russian spy, has been assassinated by being buried alive, but that the Japanese authorities disavow any knowledge of the assassins.

TAKING NO CHANCES

Russia Will Not Fight Until She is Ready.

St. Petersburg, March 22.—Gen. Zhilinski's official confirmation of the reports that the Russian outposts abandoned Anju upon the approach of the Japanese in force causes no surprise here as such action is in perfect accord with the Russian plan of campaign. The Russian skirmishing and advanced posts were thrown forward solely for the purpose of harassing and worrying the Japanese outposts, falling back as the main body of the enemy moves forward until the strong positions at the Yalu river are reached. The fifty miles of country between Anju and the Yalu are very difficult for the movement of a large force. There may be some lively skirmishing as the Japanese advance progresses, but the Russians are resolved to avoid a decisive engagement until certain of victory.

CHINA'S ATTITUDE

is Giving Russia No End of Ground for Apprehension.

St. Petersburg, March 22.—In government circles there exists a strong belief that the question as to whether China will observe her neutrality undertaken will depend largely on the result of the first heavy land fighting.

A big victory by the Russian army, it is believed, will insure the quiescence of the celestial empire, but there are grave fears as to what might happen in the event of a signal Japanese success in the early stages of the land operations. Russia's political plans are based on the appreciation of the supreme importance of the first land battle, and no fighting on a large scale will take place if it possibly can be avoided, until the Russians feel morally certain that they can deal the enemy a crushing blow.

Japanes Fleet's Plans.

Rome, March 22.—The Japanese legation here announces that repairs to the Japanese fleet are actively proceeding in order that the vessels may be ready to meet the Russian Baltic fleet. According to the information received from the Japanese legation it is intended to have the fleet in perfect condition by the end of June,

and therefore further bombardments of fortified places are improbable, especially as the artillery equipment of several of the battleships is being changed.

Semi-Official Surmise.

Cronstadt, March 22.—The Vestnik, the leading service organ here, surmises that the Russian Vladivostok squadron has gone to attack Mororan (in Volcano bay) and Otaruan (in Ishikawa bay) both in the Japanese islands of Yezo where an excellent quality of coal from the Yezo mountains is supplied to the Japanese warships.

Military Attache Arrives.

St. Petersburg, March 22.—Capt. W. V. Judson, United States military attache to the embassy here has arrived and will proceed to the front as soon as possible to observe the military operations for his government.

Red Cross Trains Delayed.

Irkutsk, Siberia, March 22.—Eighteen trains bearing goods of the Red Cross society have been held up to allow military trains to go through. It is estimated that 4,000 men are reaching Manchuria daily.

Mongolians Promise Trouble.

St. Petersburg, March 22.—Official advices report the concentration of armed Mongolians disguised as pilgrims at Van Kuren, south of Lake Baikal, and a few miles from the Russian frontier.

Additional Local News.

Carl Nipp is confined to his home with a bad case of measles.

"Mrs. Wiggs" will have another dress rehearsal tonight at the opera house.

Miss Mary Amos, of North Perkins street, is confined to her home by a bad case of measles.

The smoke stack at the Park Furniture factory, which was blown down during the storm some time ago, is being rebuilt this week.

Chas. Pruitt, the base ball pitcher, left this evening for Louisville, where he will join the Louisville American Association team immediately upon his arrival. Quite a large crowd of his friends were at the train to see him off and wish him success in his new company.

Nearly all the teachers in the city schools will attend the Southern Indiana Teachers' Association meeting at Indianapolis on March 31st, April 1st and 2d. The city school will be dismissed on Friday, as the local teachers will leave Thursday evening. Miss Mattie B. Lacy, teacher of History in the High School here, is on the program in the High School section for an address during the opening of the discussion on "History in the High School; How Much, Its Position and Why."

Each fruit grower of New York will be furnished with a padded barrel by the State commission to the World's fair. The barrel will be packed by the grower and shipped to the fair at State expenses.

There are so many languages spoken in the province of Austria-Hungary that interpreters are employed in the various parliaments to interpret the speeches of the delegates and make them intelligible to all the members.

Republican City Convention.

The Republicans of Rushville City will meet at the court house Thursday, March 24th, 1904, at 7:30 o'clock p.m., for the purpose of selecting two committeemen in each Ward; also to select delegates to city convention, to be held at the opera house, Thursday, March 31st, 1904, at 7:30 p.m.

The apportionment of delegates is as follows:

First Ward meets in the Assembly room, and is entitled to 22 delegates.

Second Ward meets in the County Superintendent's room and is entitled to 20 delegates.

Third Ward meets in the Sheriff's office and is entitled to 24 delegates.

The city officers to be selected on March 31st, 1904, are: Mayor, Treasurer, Clerk, Marshal. By order of

J. M. STEVENS,
GRANT GREGG,
G. R. KELLEY,
Committee.

Let every one attend the meeting Thursday evening, to select delegates to the city convention and a candidate for council from your ward.

Candidates for city offices are getting into the field at a lively rate, and with the bunch to pick from it ought to be easy to make a good ticket.

A number of Indiana Democrats are showing symptoms of Hearstophobia, a disease not unlike political fyers of the yellow variety. Grover's Ready Relief is a good antidote for this affliction. Hearstophobia is a disease that invariably follows an incurable case of Bryanitis.

The delegates to the first Republican State convention ever held in Indiana, which was in 1856, will all be special guests at the coming State convention. Chairman Goodrich has taken steps to ascertain who they are and get an invitation to them. Judge Martin L. Bundy, of New Castle is one of the delegates of that convention.

Washington, March 22.—Secretary Taft has received a mail report from Gov. Wright concerning the recent gubernatorial elections. From it it appears that the elections were held in thirty-two provinces with the result that sixteen of the former governors were elected and eleven defeated, according to returns received up to the time of mailing the report. Gov. Wright said that the elections had passed off quietly and that great interest was manifested in the results. He added that the Filipinos showed themselves adepts in political methods and in some respects conducted their elections better than the people in the United States.

Prominent Woman's Suicide.

Lexington, Ky., March 22.—Mrs. Matthew T. Scott, widow of Dr. M. T. Scott of this city, and daughter of Squire Bassett, president of the Fayette National bank, committed suicide at her residence by shooting. Mrs. Scott had been subject to spells of depression since the death of her husband about ten years ago. She was president of the Woman's Club of central Kentucky and one of the most prominent women in the state.

FOR A FINISH FIGHT.

Taggart Throws Down Gauntlet
"To Check and Checkbook."

Indianapolis, March 22.—It looks as if Tom Taggart and his crowd of stalwarts have already accepted the challenge of Wm. Randolph Hearst's agents to do battle for the Indiana delegation to the St. Louis national convention. Hearst may have won out easily in other states but he will find the Hoosier buzz-saw an entirely different proposition. Taggart and his crowd seem to be going right into the center of the field, for a number of men who have been non-committal are now openly declaring themselves for Parker, who is regarded as the Taggart candidate in this state. The issue that is liable to confront the Indiana delegation for the next few months is whether Hearst or Parker shall be nominated for president. A. T. Livengood of Covington, the Ninth district chairman, and J. Fred France of Huntington, Eleventh district chairman, are among the latest to declare for Parker. The significant feature about their statements was that they didn't make them until they came here and talked with Taggart and Chairman O'Brien. Taggart has gone back to French Lick but his crowd is hot on the political trail and confident now of getting a majority if not all of the delegates.

Arrangements are now being made for the Republican state convention April 26 and 27. Tomlinson hall will present a much different appearance from former conventions when the entire floor was given to the surging crowd. The interior has been rebuilt after a fashion, a sort of lower balcony having been constructed. The space to be allotted to the delegates is much smaller. The lower balcony will seat several hundred people but they will be kept from the delegate floor. On the platform there is now a magnificent pipe organ that curtails the seating capacity. The acoustic properties are much better than ever, however, which will be gratifying to the speech makers and the hall will also be easier to decorate. Chairman Goodrich announced today that the delegates to the convention of 1856, the first Republican state convention, will be guests of honor. There are probably not over a dozen in Indiana who attended the first convention, but an effort will be made to have them present.

A prominent member of the Republican state committee made the prediction today that Senator Charles W. Fairbanks will not be nominated for vice-president. "I have reason to know," said he, "that the talk of his candidacy is personally very distasteful to the senator. He has never been anxious to be placed on the ticket. In fact, he does not want the nomination even now and will only take it upon the urgent demand of his party at the Chicago convention. From what I have heard during the last few days I would not be surprised if the senator should make it plain within the next few weeks that he doesn't want the nomination that his name will not be presented to the convention." The impression seems to have been growing in a mysterious way during the last ten days that Senator Fairbanks would state his position in such unmistakable terms that he would stop the vice-presidential talk regarding himself.

A Meeting of Monarchs.

Rome, March 22.—King Victor Emmanuel has ordered the royal yacht to be sent to Naples on March 26 for his meeting with Emperor William of Germany, who will remain there four days. It is semi-officially assured that the meeting of the monarchs will have no political significance, although the sovereigns wish to have a verbal exchange of views concerning pending international questions.

Hart Didn't Appear.

Philadelphia, March 22.—The six-round bout scheduled for last night at the Lenox Athletic club between Gus Rublin and Marvin Hart was declared off, owing to the non-appearance of Hart.

Caught by Trolley Car.

Jeffersonville, Ind., March 22.—Bernard Dietz, sixty-eight years old, stepped out of the way of an approaching railway train only to be caught by an electric car and instantly killed.

Big Attendance Looked for.

San Francisco, March 22.—The fight between Young Corbett and Jimmy Britt in this city next Friday night promises to be largely attended.

SULLY HAS HOPES

The Uncrowned Cotton King Makes Statement to His Creditors.

A PLAN TO PAY DEBTS

Forty Per Cent in Cash Proposed, the Remainder to be Covered in Two-Year Notes.

Legal Questions Stand in Way of Immediate Settlement of Difficulty.

New York, March 22.—After conferences of creditors of the assigned firm of Daniel J. Sully & Co., it was announced that no definite settlement had been arrived at, but that things were in a fair way of arrangement. It was said that Mr. Sully had made a proposition to his creditors to settle, contingent upon the acceptance of which he had offered to give them their choice of assignees, but that his proposal failed of immediate approval and that another meeting would be held.

After a brief consultation with his counsel Mr. Sully issued the following statement: "We met a committee of the creditors of Daniel J. Sully & Co., and submitted to them a proposition for the settlement of the affairs of that firm, which if carried out, we believe, will secure to the creditors, payment of their claims in full, and offered, if that settlement should be accepted by the creditors, to co-operate with them in placing the affairs of the firm in the hands of persons admittedly acceptable to all interests. We have heard that this proposition was received in a favorable spirit and that if certain legal technicalities can be arranged it probably will be accepted. At the moment we are delaying action awaiting a solution to these legal questions by the counsel representing the various interests concerned."

It was understood that the names of David Miller and Evans R. Dick had been considered as permanent assignees. At the creditors' meeting fully eighty men were present. It was understood that the conference had received an offer from Sully for settlement, the terms being reported as 40 per cent in cash on claims and 60 per cent in notes covering two years and that there was a difference of opinion in regard to the acceptance of the offer. Mr. Sully said that he had hoped to resume very shortly.

FIFTY BUILDINGS WRECKED

Tornado Created Havoc in Higginsville, Mo.

Higginsville, Mo., March 22.—Fifty buildings are partly wrecked, one man is mortally wounded and several others hurt, and the streets are strewn with debris as the result of a tornado and hail storm which struck this place last evening.

The hail on the streets was a foot deep within five minutes after the storm came and some of the stones were as large as hen eggs. Dozens of trees in the town were blown down and several horses were killed on the street.

The storm came without warning. The wind and hail came first and was followed with a terrific downpour of rain which flooded nearly every cellar in the town. The storm came from the west, traveling eastward. It kept within a narrow path, at least the tornado portion, only about two blocks of the business portion of this place being damaged. Corder and Alma were in the path of the storm and are said to be considerably damaged. According to the meager reports which came here, several houses in both places have been wrecked but the exact extent of the damage is not known.

The grocery store of J. W. Ensley in the business part of Higginsville, was wrecked by the storm. John Holzen, a clerk, was mortally wounded. One leg is broken in two places and he is internally injured.

It is estimated that 2,000 windows were broken by the force of the storm. Owing to the fact that the electric light wires are all down and the electric plant damaged the town was in darkness last night and probably will be tonight. The most careful estimate of the financial loss is \$40,000.

Senator Burton on Trial.

St. Louis, Mo., March 22.—The trial of United States Senator Burton, of Kansas, accused of having accepted money for the use of his influence to prevent the issuance of a fraud order against the Rialto Grain & Securities company, was called in the United States district court today.

Killed Wife and Employer.

Temple, Tex., March 22.—Last night Wm. E. Chandler, a barber, entered the telephone exchange, where his wife was employed, and shot her to death and then shot and killed Wm. McLaughlin, manager of the exchange. Chandler surrendered and is now in the city jail.

Baku, Russia, March 22.—The new gusher on the Rothschilds Bibirebat oil fields is producing a million poods daily.

HAD TO CUT IT OUT

Mr. Baker's Remarks About Mr. Babcock Expunged From Record.

Washington, March 22.—In the house Mr. Hepburn offered a resolution recting certain statements by Representative Baker (N. Y.), contained in the Congressional Record of last Friday, reflecting on the integrity and honor of Mr. Babcock (Wis.), and providing that they be expunged from the record. Mr. Hepburn explained that Mr. Baker had not delivered these statements on the floor

REPRESENTATIVE JOSEPH W. BABCOCK.

of the house, but had entered them in the record under a leave to print. The amendment was adopted after the Democrats forced a roll-call. Mr. Baker endeavored to explain his action, but Speaker Cannon refused to recognize him.

Consideration in the senate of a bill providing for the purchase of a site and the erection of a building for the departments of state, justice and commerce and labor, was made the occasion for adverse criticism of the architect who planned the White House offices. Messrs. Teller and Hale led the charge on the architect, and Mr. Newlands defended him.

READY FOR ACTION

Republican Congressional Campaign Committee Selected.

Washington, March 22.—Thirty-four of the forty-eight members of the Republican congressional campaign committee which will conduct the campaign for the election of Republican members of the 59th congress were chosen at a caucus of the members of the senate and house held last night in the hall of the house. The members chosen were selected by the state delegations in congress. The fourteen vacancies on the committee are from states the delegations of which as yet have taken no action. A resolution was passed by the caucus empowering the next chairman of the committee to fill the vacancies.

Court Makes Notable Ruling in Botkin Poison Case.

San Francisco, March 22.—The second trial of Mrs. Cordelia L. Botkin,

MRS. CORDELIA BOTKIN.

charged with the murder of Mrs. John P. Dunning, at Dover, Del., by means of poisoned candy is in progress. Judge Cook ordered from the room all children and minors.

The Government has already taken one-fourth of all the land in Oregon and turned it into a forest reservation.

STATE NEWS.

Terre Haute, Ind., March 22.—The trial of Jerry Duggins, who killed Mrs. Benjamin Ramsey and her two children, on Feb. 22, is on in the circuit court. It is a foregone conclusion that he will be found guilty, and Duggins expects to pay the penalty on the gallows. The attorney appointed by the court to defend Duggins will offer the plea of insanity, and will depend largely upon the testimony of relatives from Seymour, where Duggins once lived. Duggins boarded with the Ramsey family and killed Mrs. Ramsey and the children by cutting their throats. He has had his hair cut, wears new clothing, and does not look like the wild man who was arrested after the murder.

Following the Duggins trial, the court will take up the cases of eighteen rioters who made a bluff at lynching Duggins after he had been arrested.

HUNTING FOR A FUGITIVE

Sheriff Pursuing John Brown for the Shooting of Mrs. Bennett.

English, Ind., March 22.—The mystery surrounding the shooting of Mrs. Ollie Bennett has been solved. Charles Lewis, boarding with John Brown, has made a statement, in effect that he heard John Brown say that he was going to burn Ollie Bennett's house, and also kill her. He asserts that he was standing near Brown when Brown fired the shot that struck Mrs. Bennett. The sheriff and deputies have failed to find Brown and it is known that he has left the state, crossing the Ohio river near Leavenworth into Kentucky. Mrs. Bennett may recover, although her condition is still critical.

Indiana Loses Her Suit.

Indianapolis, March 22.—Word comes from Washington that the American Express company has won in its suit to resist the assessment of its property in Indiana as made by the state board of tax commissioners. The United States supreme court reversed the decision of the United States district court, which was that the state board had legally assessed the property of the company. The case is remanded to the federal court. The constitutionality of the Indiana tax law was upheld by the supreme court several years ago. The question raised in the present case was whether the practical administration of these laws by the taxing authorities deprived the express company of the rights secured to it by the constitution.

School Boy's Serious Mishap.

Connersville, Ind., March 22.—Oscar Patton, the fifteen-year-old son of Harris Patton, attempted to jump on a moving freight car as he was returning from school and missing his footing was thrown under the wheels. His right leg was crushed off and it was necessary to amputate it just below the hip. This is the second mishap the boy has had. A year ago he was accidentally shot by a playmate, narrowly escaping death.

Boy's Self Destruction.

Laporte, Ind., March 22.—Andrew Anderson, aged sixteen years, disappeared from his home and some hours later the father found his son's body dangling at the end of a rope in a tree. Young Anderson had climbed into a tree and when fully twenty-five feet from the ground fastened the rope about his neck and swung himself off, breaking his neck. No motive can be assigned for the deed.

Petersburg's Gas Field.

Petersburg, Ind., March 22.—The Carter Glass company has struck a strong flow of gas at a depth of 1,145 feet, near here. The gas can be heard for a quarter of a mile, as it roars through a six-inch main. The pressure is said to be over 500 pounds to the square inch. To the explorers the opening of this well indicates that there is an undeveloped gas field in this part of the state.

Caught on Dangerous Crossing.

Bedford, Ind., March 22.—George Corpse, sr., seventy-seven years old, a farmer, two miles west of this city, was instantly killed at the West Sixteenth street crossing by a Southern Indiana freight train, while returning home from this city. The crossing is a dangerous one on a curve, with a high embankment at the approach.

Mice Destroy Fruit Trees.

South Bend, Ind., March 22.—Farmers and fruit raisers in this locality discover, since the melting of the snow, that field mice have been destructive during the winter to young apple trees, the bark being completely girdled near the ground.

Careful George.

"I had a letter from George this morning. He said his mother had accidentally broken her arm."

"George is always so careful. Many a young man would have left out the word 'accidentally,' leaving you to infer that she had broken it purposely."

Kansas City Journal.

The Diagnosis.

"Terence, what is the doctor's diagnosis of your case?"

"He hasn't told me yet, but I'm betting it'll be ivy cint av tin dollars."—Chicago Tribune.

Penobscot county claims the oldest horse in Maine, if not in the country. His name is Tommy Foskett. He is forty-two years old and there is no question about his age.

An Ohio Tragedy.

Newark, O., March 22.—Albert Ketle, thirty-five, was shot and killed by Bert Nash, at Appleton, a village eighteen miles north of Newark. The men were walking along the street engaged in friendly conversation when Nash, without warning, drew a revolver and shot Ketle three times. Nash was arrested after giving the officers a hard fight. Ketle died several hours later. No motive for the shooting is known.

Russia Wakes Up.

St. Louis, Mo., March 22.—Professor Edward Grunwaldt, councillor of commerce, has cabled to the world's fair officials from St. Petersburg asking that the space originally assigned to Russia in the fine arts, manufacturers and liberal arts department be reserved. He stated that exhibits were being arranged for those departments.

Broke Up the Parade.

Keokuk, Ia., March 22.—A trolley car yesterday ran through a minstrel parade, probably fatally injuring James Barandi, hurting five other persons and destroying nearly all the musical instruments and costumes of the band. Wm. Cahill, motorman, has been arrested on a charge of assault.

Spring began Sunday, that is on the calendar.

While the weather is warm, it is as dark and dreary as it could be.

Mrs. Martin McFadgen, of West First street, continues to be very sick.

Bi-monthly examination questions are being sent out to the teachers by the Superintendent.

The city council has a special meeting tonight, to consider the granting of a franchise to the new gas company.

The enumeration of school children will begin April 10th this year. Superintendent Headlee received the blanks this morning.

The fine Percheron stallion which William Dagler purchased from the Wabash Importing Co., arrived last night over the C. H. & D.

Prof. J. M. Rimmer is at work on the large pipe-organ at the Christian church, putting it in first-class condition for the oratorio "Holy City," April 1st.

Shelbyville Jeffersonian: Mr. and Mrs. Z. E. Mauzy and two daughters, of Rushville, and Mr. and Mrs. Lon Mauzy, of Indianapolis, were guests, Sunday, of Mr. and Mrs. Fred W. Kennedy.

Farmers who chanced to be in town today, say that the wheat is being greatly benefited by the present warm weather and it shows greater vitality and strength than it did twenty-four hours ago.

Mrs. Joe Cowing writes from North Baltimore, Ohio, where she was called by the serious illness of her brother, Oliver Beal, that he has rheumatism and pneumonia, and being a sufferer from nervous trouble, his condition is critical.

Ozark Tribe of Red Men at Fairfield held memorial services in the M. E. church at that place, Sunday. The Rev. Coulter, of Columbus, was the orator for the occasion. A large number of the Red Men from London, Boggsburg and Shelbyville were present.

Large quantities of copper wire have been stolen from the barns of the Richmond Street and Interurban Company in West Richmond. The thefts took place from time to time and before the discovery was made several hundred dollars' worth had disappeared.

With the spring change of schedules the C. H. & D. will put on two solid through trains daily to St. Louis, entering St. Louis over the Wabash, thereby gaining the advantage of both Union depot terminal and the Wabash station at the main entrance to the World's fair grounds.

The large barn on the farm owned by Nathan Nave, three miles north of Shelbyville, was destroyed by fire at an early hour Sunday morning. Ten horses, 800 bushels of corn, twenty tons of hay, a large number of farming implements were destroyed. The loss will reach \$4000.

The house movers, who are moving the house purchased by Ed. Benedict, on Perkins street, pulled the building up the Perkins street hill, today. It was work which required great skill and care as the building would have went down the hill again if the cable or other apparatus had broken.

The criminal case at Connerville, of the State vs. William Simmons, a young colored man, who is charged with shooting with intent to kill Tom Rice, which caused considerable interest in the court during the latter part of last week, was given to the jury, yesterday, for final decision.

Carrie Nation, the well known hatchet user and saloon destroyer, of Kansas, passed through our city, Saturday, on the 1:55 enroute from Cincinnati to Topeka, Kansas. Fortunately for our owners of the wet goods establishments, Carrie did not alight at our little town.—Greensburg Review.

A former minister of the gospel was in Police Court, Saturday morning, at Richmond, charged with intoxication. F. H. Haley came to Richmond several weeks ago as a traveling salesman and stopped at the leading hotel. For the first time in many years, he says, he took to drink and lost his position. He is now in jail and penniless.
